Senior Services: The most notable change continues to be the return to congregate activities. Spreadsheets were provided to members that compares the increases and decreases in services by units provided during July 1, 2020 to May 31, 2021 to July 1, 2021 to May 31, 2022.

<u>LACOADA</u>: Presented by Mr. Mike Rome: successful legislature session; reiterated the increase of funds for the Senior Centers. LACOADA has been encouraging COAS to utilize the ARPA funds and additional state funds timely. The LACOADA advocated for the additional state funding and strongly encourage the COAS to spend wisely. To not spend may cause issues for us in the future.

The LACOADA Fall Conference is scheduled for August 23rd & 24th in Lafayette; topics are still being discussed; if you have any suggestions please let the board know.

Mr. Rome suggested rebranding the Senior Centers to attract bay boomer population and the upcoming Generation X population. The need to make the Senior Centers more appealing to the new generations is vital to the future of the Centers.

Suggested conducting a needs assessments and/or surveys to the seniors for what they would like to see at the Centers. The Area Plans process requires feedback and public hearing that allow seniors to voice their opinions.

<u>LANA</u>: Presented by Ms. Angelle Authement: the Board is in the process in preparing for the next LANA conference for late September; any suggestions on topics is welcome.

Appointment - Attorney Katina Semien Smothers, Director of Community Programs

Governor Edwards appointed Attorney Katina Semien-Smothers to replace Dr. Chaunda Mitchell as Director of Community Program. GOEA falls under this department in the Governor's Office. Attorney Semien Smothers stated:

"A little over a month ago I accepted a promotion within the Governor's Office as the new Director of Community Programs. In this role I have the opportunity to supervise 12 departments who are committed to building a better Louisiana for our families and our children. It has been a busy few weeks but I am beyond honored to work with dynamic and passionate folks who show up every single day to serve! I've also learned and have been mentored by the best including past directors Dr. Bruce Parker II and Dr. Chaunda Mitchell (who is the new Deputy Chief). It has been a blessing to continue to work for Governor John Bel Edwards! "

Legislative Session 2022

The 2022 Legislative Session convened March 14, 2022 and ended Monday, June 6, 2022.

HB-1 Approriations bill was sent to the Governor 5/20/22 for approval. It includes, thanks to advocacy efforts of the aging network - in particular Al Robichaux, Darlene Schexnayder, Becky Bergeron and others, an increase in base funding for Senior Centers from \$25K to \$50K and full funding of the formula based on the 2019 Census. This represents a \$2.5 million increase in Senior Center funding. The amendment states:

"Provided, however, notwithstanding the provisions of R.S. 46:1608, that of the funds appropriated herein from the State General Fund (Direct) to the Senior Centers Program, the amount of \$7,391,034 shall be allocated for distribution to each parish council on aging for senior centers equal to a sum of fifty thousand dollars, plus five dollars and eighteen cents per person above a base population of three thousand persons age sixty years or older who are residents of the parish, as shown by the latest official census estimate, but in no case less than fifty thousand dollars in Fiscal Year 2022-2023."

With the exception for market adjustments for classified employees and funding for the 27th pay period, all other funding in the GOEA budget are comparable to FY22 levels.

Elder Abuse Awareness Day (June 15, 2022)

World Elder Abuse Awareness Day (WEAAD) was launched on June 15, 2006 by the International Network for the Prevention of Elder Abuse and the World Health Organization at the United Nations. The purpose of WEAAD is to provide an opportunity for communities around the world to promote a better understanding of abuse and neglect of older people by raising awareness of the cultural, social, economic and demographic processes affecting elder abuse and neglect. WEAAD is a call-to-action for society's individuals, organizations, and communities to educate each other on how to identify, address and prevent abuse so we can all do our part to support everyone as we age. The Governor also recorded a PSA that can be used for TV and other social media outlets. The link to the PSA -

Elderly Protective Services (EPS) The EPS program that is traditionally funded through state general funds received an infusion of federal funds through Administration for Community Living (ACL)/Elder Justice Act programs. With this grant funding, EPS has been able to provide staff with a myriad of training opportunities. We have been able to provide law enforcement agencies across the state with training on EPS. We have secured Senior Care Kits to provide to seniors in need, discovered through investigations, throughout our state. We are in the process of securing additional positions to increase the effectiveness of and expedite response times to investigations. Staff have been provided appropriate PPE. We are in the process of updating the Elderly Protective Services Management (EPSM) System. We have increased the Louisiana Guardianship Budget thereby providing additional slots for EPS Clients, with a specific emphasis in Northeast Louisiana. We will continue these efforts going forward. These are case statistics for FY22 through May 31, 2022 compared to the same period ending May 31, 2021.
