Call to Order

Marty R. McKay, Chairman, called the meeting to order at 10:10 a.m.

Parliamentary Business

- A. **Introduction of Members/Roll Call.** Committee members and staff introduced themselves.
- B. **Introduction of LDH & Magellan Staff.** LDH and Magellan staff introduced themselves.
- C. **Additional agenda items.** Mr. McKay asked if there were any requests for additional agenda items. There was a request to add 2-C on the agenda. After a roll call vote, the item was added to the agenda.
- D. **Announcement of election of officers.** Senator Mills nominated Mr. McKay for Chair and Mr. Orlando seconded it. Mr. McKay was elected chairman by unanimous vote.
Senator Mills nominated Mr. Orlando for co-chair and Dr. Mader seconded it. Mr. Orlando was elected co-chairman by unanimous vote.
- E. **Approval of Minutes.** Mr. McKay asked for a motion to approve the minutes from November 2, 2016. There were no objections to approving the minutes.
- F. **Attendance/Additional Meetings.** Dr. Wendt suggested having dates in mind for additional meetings. She apologized for possibly overstepping the committee members to have quorum. She expressed appreciation for the members participation because the P&T meetings affect the supplemental rebates for fee-for-service.

Dr. Wendt stated that the department is currently working with 5 MCOs and with senator Mills to move to a single PDL. If the single PDL takes place, then the 5 MCOs will follow the recommendations of the department in terms of preferred and prior authorized drugs. She hopes the single PDL will be executed and the goal of the department will be to make things simpler for prescribers, pharmacy providers, and recipients. She reminded the members that the provided packet includes the Louisiana Medicaid Preferred Drug List overview.

Senator Mills stated that the legislation is working on streamlining the process and reducing the committee members number. He indicated that the most important aspect with the single PDL is whether it is cost effective.

Representative Pope echoed senator Mills' comments and expressed his support for senator Mills' work.

P&T Committee Overview

A. P & T Background

Ms. Sullivan reminded everyone that the committee was established by state statute in 2001 and, as senator Mills indicated, there is some legislation pending that is going to make minor changes. The committee is advisory to the secretary of the department who looks at the recommendations and she accepts or rejects

them. The committee is also free to make recommendations on any areas of the pharmacy program to the secretary.

B. P & T Bylaws

Ms. Sullivan informed the members that the committee has some bylaws which they should have and can read at their leisure. The bylaws follow the statutes closely.

Ethics Reminder

Ms. Sullivan reminded all that P&T Committee members are subject to the Governmental Code of Ethics. She strongly recommended, especially to new committee members, to go to the Board of Ethics website to familiarize themselves with the requirements of the board and the required restrictions. If anyone has personal ethical questions or issues, she can be emailed or called. Ms. Sullivan added that committee members do not have to complete the 45-minute training.

New Business

A. Explanation of TOP\$, Monographs and Cost Sheets

Dr. Bandali provided an overview of the TOP\$ supplemental rebate pool that Louisiana Medicaid participates in. She indicated to the members that they should have received clinical documents, in the form of Therapeutic Class Reviews or New Drug Updates. They should also have cost sheets which include relative values, instead of actual numbers, in order to comply with the privacy laws regarding rebates.

B. Therapeutic Class Reviews of Spring Drug Classes/Drug Manufacturer Testimony

In accordance with state law and the P&T Committee's bylaws, the following provided public testimony or answered questions raised by the Committee during the Committee's review.
