§113. Code of Ethics for Professional Conduct

A. Licensees under the Act shall perform their professional duties using the code of ethics adopted by the board.

B. The board has adopted the following American Dietetic Association/Commission on Dietetic Registration:

1. *Code of Ethics for the Profession of Dietetics and Process for Consideration of Ethics Issues* as published: Am Diet Assoc. 2009;109 (8):1461-1467.

PRINCIPLES OF ETHICS

Fundamental Principles

1. The dietetics practitioner conducts himself/herself with honesty, integrity, and fairness.
2. The dietetics practitioner supports and promotes high standards of professional practice. The dietetics practitioner accepts the obligation to protect clients, the public, and the profession by upholding the Code of Ethics for the Profession of Dietetics and by reporting perceived violations of the Code through the processes established by ADA and its credentialing agency, CDR.

Responsibilities to the Public

3. The dietetics practitioner considers the health, safety, and welfare of the public at all times. The dietetics practitioner will report inappropriate behavior or treatment of a client by another dietetics practitioner or other professionals.

4. The dietetics practitioner complies with all laws and regulations applicable or related to the profession or to the practitioner's ethical obligations as described in this Code.

- a. The dietetics practitioner must not be convicted of a crime under the laws of the United States, whether a felony or a misdemeanor, an essential element of which is dishonesty.
 - b. The dietetics practitioner must not be disciplined by a state for conduct that would violate one or more of these principles.
 - c. The dietetics practitioner must not commit an act of misfeasance or malfeasance that is directly related to the practice of the profession as determined by a court of competent jurisdiction, a licensing board, or an agency of a governmental body.
5. The dietetics practitioner provides professional services with objectivity and with respect for the unique needs and values of individuals.
- a. The dietetics practitioner does not, in professional practice, discriminate against others on the basis of race, ethnicity, creed, religion, disability, gender, age, gender identity, sexual orientation, national origin, economic status, or any other legally protected category.
 - b. The dietetics practitioner provides services in a manner that is sensitive to cultural differences.
 - c. The dietetics practitioner does not engage in sexual harassment in connection with professional practice.
6. The dietetics practitioner does not engage in false or misleading practices or communications.
- a. The dietetics practitioner does not engage in false or deceptive advertising of his or her services.

b. The dietetics practitioner promotes or endorses specific goods or products only in a manner that is not false and misleading.

c. The dietetics practitioner provides accurate and truthful information in communicating with the public.

7. The dietetics practitioner withdraws from professional practice when unable to fulfill his or her professional duties and responsibilities to clients and others.

a. The dietetics practitioner withdraws from practice when he/she has engaged in abuse of a substance such that it could affect his or her practice.

b. The dietetics practitioner ceases practice when he or she has been adjudged by a court to be mentally incompetent.

c. The dietetics practitioner will not engage in practice when he or she has a condition that substantially impairs his or her ability to provide effective service to others.

Responsibilities to Clients

8. The dietetics practitioner recognizes and exercises professional judgment within the limits of his or her qualifications and collaborates with others, seeks counsel, or makes referrals as appropriate.

9. The dietetics practitioner treats clients and patients with respect and consideration.

a. The dietetics practitioner provides sufficient information to enable clients and others to make their own informed decisions.

b. The dietetics practitioner respects the client's right to make decisions regarding the recommended plan of care, including consent, modification, or refusal.

10. The dietetics practitioner protects confidential information and makes full disclosure about any limitations on his or her ability to guarantee full confidentiality.

11. The dietetics practitioner, in dealing with and providing services to clients and others, complies with the same principles set forth above in "Responsibilities to the Public" (Principles #3-7).

Responsibilities to the Profession

12. The dietetics practitioner practices dietetics based on evidence-based principles and current information.

13. The dietetics practitioner presents reliable and substantiated information and interprets controversial information without personal bias, recognizing that legitimate differences of opinion exist.

14. The dietetics practitioner assumes a life-long responsibility and accountability for personal competence in practice, consistent with accepted professional standards, continually striving to increase professional knowledge and skills and to apply them in practice.

15. The dietetics practitioner is alert to the occurrence of a real or potential conflict of interest and takes appropriate action whenever a conflict arises.

a. The dietetics practitioner makes full disclosure of any real or perceived conflict of interest.

b. When a conflict of interest cannot be resolved by disclosure, the dietetics practitioner takes such other action as may be necessary to eliminate the conflict, including recusal from an office, position, or practice situation.

16. The dietetics practitioner permits the use of his or her name for the purpose of certifying that dietetics services have been rendered only if he or she has provided or supervised the provision of those services.

17. The dietetics practitioner accurately presents professional qualifications and credentials.

a. The dietetics practitioner, in seeking, maintaining, and using credentials provided by CDR, provides accurate information and complies with all requirements imposed by CDR. The dietetics practitioner uses CDR-awarded credentials ("RD" or "Registered Dietitian"; "DTR" or "Dietetic Technician, Registered"; "CS" or "Certified Specialist"; and "FADA" or "Fellow of the American

Dietetic Association”) only when the credential is current and authorized by CDR.

b. The dietetics practitioner does not aid any other person in violating any CDR requirements, or in representing himself or herself as CDR-credentialed when he or she is not.

18. The dietetics practitioner does not invite, accept, or offer gifts, monetary incentives, or other considerations that affect or reasonably give an appearance of affecting his/her professional judgment.

Clarification of Principle:

a. Whether a gift, incentive, or other item of consideration shall be viewed to affect, or give the appearance of affecting, a dietetics practitioner’s professional judgment is dependent on all factors relating to the transaction, including the amount or value of the consideration, the likelihood that the practitioner’s judgment will or is intended to be affected, the position held by the practitioner, and whether the consideration is offered or generally available to persons other than the practitioner.

b. It shall not be a violation of this principle for a dietetics practitioner to accept compensation as a consultant or employee or as part of a research grant or corporate sponsorship program, provided the relationship is openly disclosed and the practitioner acts with integrity in performing the services or responsibilities.

c. This principle shall not preclude a dietetics practitioner from accepting gifts of nominal value, attendance at educational programs, meals in connection with educational exchanges of information, free samples of products, or similar items, as long as such items are not offered in exchange for or with the expectation of, and do not result in, conduct or services that are contrary to the practitioner’s professional judgment.

d. The test for appearance of impropriety is whether the conduct would create in reasonable minds a perception that the dietetics practitioner’s ability to carry out professional responsibilities with integrity, impartiality, and competence is impaired.

Responsibilities to Colleagues and Other Professionals

19. The dietetics practitioner demonstrates respect for the values, rights, knowledge, and skills of colleagues and other professionals.

a. The dietetics practitioner does not engage in dishonest, misleading, or inappropriate business practices that demonstrate a disregard for the rights or interests of others.

b. The dietetics practitioner provides objective evaluations of performance for employees and coworkers, candidates for employment, students, professional association memberships, awards, or scholarships, making all reasonable efforts to avoid bias in the professional evaluation of others.

C. All licensees shall be responsible for reporting any and all alleged misrepresentation or violation of the AND/CDR code of ethics and/or board rules to the board.

D. A failure to adhere to the above code of ethics, constitutes unprofessional conduct and a violation of lawful rules and regulations adopted by the board and further constitutes grounds for disciplinary action specified in R.S. 37:3090 of the Dietitian/Nutritionist Practice Act and these rules and regulations and also constitutes grounds for a denial of licensure or a renewal of licensure.

§115. Denial, Suspension or Revocation of License

A. Certificate denial, suspension or revocation shall be accomplished in accordance with section 3090(A) of R.S. 37:3081-3093, the state Administrative Procedure Act, and the procedural rules provided in Chapter 5 hereof.

B. The board may refuse to issue a license or provisional license, or suspend, revoke or impose probationary conditions and restrictions on the license or provisional license of a person on a finding of any of the causes provided by Section 3090(A) and (B) of the Dietitian/Nutritionist Practice Act.

C. A suspended license shall be subject to expiration and may be renewed as provided in this section, but such renewal shall not entitle the licensee, while the license remains suspended and until he or she is reinstated, to engage in the practice of dietetics and/or nutrition, or in any other conduct or activity in violation of the order of judgment by which the license was suspended. If a license is revoked on disciplinary grounds and is reinstated, the licensee, as a condition of reinstatement, shall pay the renewal fee and any late fee that may be applicable.

D. Disciplinary Options for Licensees Available to the Board. In accordance with R.S. 37:3085, R.S. 37:3088, and R.S. 37:3090, the following disciplinary options are available to the board.

1. Revocation. The involuntary termination of the licensee’s license.

2. Suspension. The licensee is not permitted to practice for a specified period of time. Rehabilitative conditions may be imposed to run concurrently with the suspension period.

3. Probation. The licensee is permitted to practice, but the board has imposed conditions upon the practice or the practitioner including, but not limited to, rehabilitation. Once the time period has elapsed, and the licensee has complied with the terms of probation and/or rehabilitation, the board will allow the practitioner to resume practice unconditionally.

4. Restriction of License. A reduction in the scope of practice.

5. Censure. The board makes an official statement of censure concerning the individual.

6. Reprimand. Similar to censure. The board reproves the licensee. There may be public or private reprimands.

§501. Authority

A. Consistent with the legislative purpose enumerated in R.S. 37:3081-3093, and to further protect the safety and welfare of the public of this state against unauthorized, unqualified and improper practice of dietetics and nutrition, the following rules of procedure are established under this board's specific rulemaking authority of R.S. 37:3085 and R.S. 49:952 et seq.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3081-3093; R.S. 36:259(Q).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of the Secretary, LR 10:12 (January 1984), promulgated by the Department of Health and Hospitals, Board of Examiners in Dietetics and Nutrition, LR 25:1095 (June 1999).

§503. Investigation of Complaints

A. The board is authorized to receive complaints from any person against dietitian/nutritionist licensees or applicants or against persons engaged in the unauthorized

and unlicensed practice of dietetics and nutrition. Any complaint bearing on a licensee's professional competence, conviction of a crime, unauthorized practice, violation of provisions of the Dietitian/Nutritionist Practice Act or board rules and regulations, mental competence, neglect of practice or violation of the state law or ethical standards where applicable to the practice of dietetics and nutrition, should be submitted to the board.

B. Once a written and signed complaint is received from an individual, the board will initiate a review of the allegations. The board may dispose of the complaint informally through correspondence or conference with the individual and/or the complainant which may result in a consent agreement and order. If the party stipulates to the complaint and waives his or her right to formal hearing, the board may impose appropriate sanctions without delay. If the board finds that a complaint cannot be resolved informally, the written complaint will be forwarded to the board's designated complaint investigation officer (hereinafter referred to as the CIO) for investigation.

C. The board's CIO shall have authority to investigate the nature of the complaint against a licensee through conference and correspondence directed to those parties or witnesses involved. The officer shall send the involved licensee notice of the investigation, containing a short summary of the complaint. All letters to the involved licensee, the complainant, or any other witness, shall be sent by certified mail, with the designation "personal and confidential" clearly marked on the outside of the envelope.

D. The CIO shall conclude the investigation as quickly as possible without compromising thoroughness. Unless good cause is shown by the CIO satisfactory to the board, which may extend the time for the investigation, the investigation and recommended action shall be completed within 60 days of the date the CIO first receives the complaint.

E. The CIO shall make a recommendation to the board for disposition by informal hearing, formal hearing or dismissal of the complaint. When the CIO's recommended action might lead to denial, suspension, or revocation of the certificate, the board shall immediately convene a formal adjudication hearing, pursuant to R.S. 37:3090(B) of the Dietetic/Nutrition Practice Act and §501 and §503 of these regulations. The CIO may determine that the licensee's explanation satisfactorily answers the complaint and may recommend to the board that the matter be dismissed. The recommended remedial action or dismissal of the complaint shall be forwarded to the involved complainant and licensee.

F. The CIO may also recommend to resolve the complaint through a consent agreement and order entered into by the licensee and the complainant. If the order contains any agreement by the licensee to some remedial course of action, the agreement must be signed by the complainant, the licensee and the board. The CIO will make note of any settlement arrived at between the complainant and the licensee, but such a settlement does not necessarily preclude further disciplinary action by the board.

G. If the CIO's recommendation for informal hearing is accepted by the board, the officer shall notify the licensee of the time and place of the conference and of the issues to be discussed. The licensee shall appear on a voluntary basis. The licensee shall be advised that the hearing will be informal, no lawyers will be utilized and no transcript of the hearing made. Any witnesses used will not be placed under oath, and no subpoenas will be issued. The licensee shall be informed that any statements made at the informal hearing may not be used or introduced at a formal hearing, unless all parties consent, in the event the complaint cannot be resolved informally. If the licensee notifies the CIO that he does not wish such an informal hearing, none shall be held. In that event, the CIO shall recommend to the board the initiation of a formal disciplinary hearing.

H. If the investigation disclosed any of the following:

1. that the complaint is sufficiently serious to require formal adjudication;
2. the licensee fails to respond to the CIO's correspondence concerning the complaint;
3. the licensee's response to the CIO's letter discloses that further action is necessary; an informal hearing is held but does not resolve all the issues; or the licensee refuses to comply with the recommended remedial action, the CIO shall recommend to the board the initiation of a formal disciplinary hearing.

I. In any recommended action submitted to the board by the CIO, the recommended action should be submitted in brief, concise language, without any reference to the particulars of the investigation, or any findings of fact or conclusions of law arrived at during the investigative process.

J. The board shall also have authority to delegate to the CIO the investigation of any alleged violations of R.S. 37:3090(A), prior to board action on such alleged violations. In that event, the CIO shall submit to the board the complete details of the investigation, including all facts and the complete investigation file, if requested by the board. Final authority for appropriate action rests solely with the board.

K. At no time shall the CIO investigate any case as authorized by the board or §503 where said officer has any personal or economic interest in the outcome of the investigation, or is personally related to or close friends with the complainant, the individual, or any of the involved witnesses. In such event, the officer shall immediately contact the board, who shall have authority to appoint a CIO ad hoc for disposition of that case.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3081-3093 and R.S. 36:259(Q).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of the Secretary, LR 10:12 (January 1984), promulgated by the Department of Health and Hospitals, Board of Examiners in Dietetics and Nutrition, LR 25:1096 (June 1999), amended LR 37:2155 (July 2011), LR 41:1680 (September 2015).

§505. Conduct of Hearing

A. The board shall be authorized to conduct two types of hearings: compliance hearings and formal disciplinary hearings.

1. Compliance Hearing

a. The board will provide a compliance hearing to an applicant for a regular or provisional license whose application was disapproved by the board pursuant to §111.G of these Rules and Regulations, providing such applicant requests a compliance hearing in writing within 30 days after the receipt of the notice of the disapproval, in which request the applicant shall state the opposition to the disapproved application.

b. A licensee, whose license is deemed expired because of a failure to timely renew, under R.S. 37:3088, shall be entitled to a compliance hearing, provided the licensee requests same in writing, within ten days after the receipt of the notice of the expired license; or in the event the licensee did not receive notice of the expired license within 30 days of the date upon which the license would have expired by operation of law.

c. Whenever possible, the board shall schedule a compliance hearing on a disapproved application in such a manner that the applicant is given an opportunity to present evidence of compliance and the board to rule thereon in sufficient time to allow the applicant to take the next scheduled examination, if the board decides in favor of the applicant. If this is not possible, and the board has reason to believe that the applicant's opposition has merit, the applicant shall be allowed to take the examination provisionally, pending the hearing and determination of the board. In no event shall the compliance hearing be conducted later than 30 days after requested. This time limitation applies to rejected applicants, as well as licensees with lapsed certificates.

d. The purpose and intent of the compliance hearing is to provide a forum for the applicant or licensee to present documentary evidence in the form of affidavits, court records, official records, letters, etc., along with under-oath testimony to establish that they do, in fact, meet the lawful requirements for the application or the retention of the license. The board shall have the authority to administer oaths, hear the testimony and conduct the hearing. No transcript of the hearing is required. The applicant or licensee may be represented by counsel, or may represent themselves in proper person.

e. In any compliance hearing, the burden shall be on the applicant or licensee to establish that he or she meets the criteria for licensure or that his or her certificate was timely renewed.

f. Within 30 days after the compliance hearing, the board will forward its final decision, including findings of fact and conclusions of law, by certified mail, to unsuccessful applicant or licensee.

g. Thereafter, the unsuccessful applicant or licensee may apply for a rehearing, as provided in R.S. 49:959, subject to further judicial review, pursuant to R.S. 49:964, 965.

2. Formal Disciplinary Hearing

a. The board shall also be authorized to conduct formal disciplinary hearings pursuant to R.S. 37:3090.B. The board shall promptly notify the Attorney General, who is authorized and requested to appear on behalf of the State.

b. The hearing shall be held before the board only after the involved licensee is given at least 30 days notice by certified mail. The content of the notice, as well as the conduct of the hearing, shall be governed by R.S. 49:955, being further provided that the licensee be advised of his right to be represented by legal counsel; and that the board shall arrange for a court reporter to make an accurate recording of all testimony presented at the hearing. By bringing a complaint, the client waives the privilege of confidentiality for the purposes of the hearing.

c. The rules of evidence, notice, authority to administer oaths, issue subpoenas, conduct depositions and control confidential or privileged information, will apply to the formal adjudication hearing in the form specified by R.S. 49:956.

d. It is the licensee's continuing obligation to keep the board informed of his whereabouts. Accordingly, if notice of the hearing cannot be delivered by mail because of a change of address and the new address is not provided to the board, the board may hold the hearing in the licensee's absence, after making reasonable efforts to obtain the licensee's new address.

e. When the licensee receives notice, he or she may file an answer to the notice denying some or all of the charges, or offering any explanation or assert whatever defense is deemed applicable.

f. For good cause shown, the board has discretion to extend or continue the time set for the hearing for such reasons as ill health, inability to obtain counsel, the complexities of the case, or such other matters deemed by the board to present good cause.

g. The board shall elect from its membership a person to act as Presiding Officer at the hearing, to make rulings on objections, the admissibility of evidence, and to insure that the conduct of the hearing proceeds without delay and pursuant to law. The other board members may not delegate their decision-making and fact-finding duties to the Presiding Officer; nor shall the Presiding Officer have any greater weight in the decision-making process. The board's findings of fact and conclusions of law shall be signed by the majority of the board finding those findings of fact and conclusions of law. Any board member disagreeing with those findings of fact and conclusions of law may also file in the record a dissent.

h. Any board member having reason to believe that he or she is biased or prejudiced against one of the parties to

the proceeding or has a personal interest in the outcome shall immediately notify the remaining board members and request to be disqualified. Likewise, any party to such a hearing may file with the board an affidavit requesting a disqualification because of bias or personal interest. As soon as possible, but not later than the beginning of the hearing, the majority of the board must pass upon the requests for disqualification. The concerned board member shall not participate in the action to disqualify and shall not vote on the issue. If the board is quite certain that there is no merit to the requests for disqualification, the board will proceed with the hearing. However, any doubt should be resolved in favor of disqualification. In that event, the board should immediately contact the Governor to appoint a board member pro tem to replace the disqualified member for the hearing in progress only.

i. The parties to the hearing are urged to confer prior to the hearing through their respective counsel, or personally to attempt to reduce or simplify the issues to be heard. This procedure is not required. The board will, however, honor any stipulations arrived at between the parties as proven fact at the hearing. The purpose of the prehearing conference is to insure that the hearing is not unusually delayed by receiving testimony or other evidence on matters which are not seriously in dispute.

j. The board shall have discretion to consolidate one or more cases for hearing involving the same or related parties, or substantially the same questions of law or fact. The board may also grant separate hearings if such a joint hearing would be prejudicial to one or more of the parties. If hearings are to be consolidated, notice must be given to all parties in advance of the hearing.

k. The Presiding Officer shall consider a motion to modify or quash any subpoena issued in connection with the hearing, provided that such motion is filed, by registered mail, with the board not later than three days prior to the hearing date, or the date scheduled for the deposition. Possible grounds to quash or limit the subpoena include, but are not limited to, testimony or material protected by privilege of statute, regulation, or other law; burdensomeness that would not be justified in light of the evidence's importance to the case, undue hardship on a witness; vagueness; and immateriality.

l. The burden of proof rests upon the attorney general who is bringing the charge before the board. No sanctions shall be imposed or order be issued, except upon consideration of the whole record, as supported by and in accordance with reliable, probative and substantial evidence as cited in R.S. 49:957.

m. Any party or person deemed to be governed by or under the jurisdiction of R.S. 37:3081-3093, may apply to the board for a declaratory order or ruling in order to determine the applicability of a statutory provision or rule of this board to said party or person. The board shall issue the declaratory order or ruling in connection with the request by majority vote of the board, signed and mailed to the requesting party within 30 days of the request, except that

the board may seek legal counsel or an attorney general's opinion in connection with the request, in which case the declaratory order or ruling may be issued within 60 days of its request.

n. Judicial review and appeal of any decision or order of the board shall be governed by R.S. 49:964, 965.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3081-3093 and R.S. 36:259(Q).

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of the Secretary, LR 10:12 (January 1984), promulgated by the Department of Health and Hospitals, Board of Examiners in Dietetics and Nutrition, LR 25:1097 (June 1999), amended LR 41:1681 (September 2015).

Chapter 7. Impaired Practitioner Program

§701. Purpose and Scope

A. Upon voluntary disclosure or proof that an applicant or licensee has provided professional services while under the influence of alcohol or has used narcotic or controlled dangerous substances or other drugs in excess of therapeutic amounts or without valid medical indication, the board may offer the applicant or licensee the Impaired Practitioner Program in order to receive or renew the professional license. Participation in the program may be required as a prerequisite to initial application for licensure or continued practice in accordance with the conditions of any consent order, compliance hearing, or adjudication hearing.

B. The board may utilize its discretionary authority to require or exclude specific components of this program for participants based upon determination of the nature and severity of the impairment. Participation in the Impaired Practitioner Program may consist of all or part of the following components:

1. a substance abuse assessment performed by a qualified, licensed health care professional within a prescribed period of time;

2. monitoring, including drug/alcohol screenings, with results submitted to the board, for a specified period of time. The frequency of screening and a deadline for submission of the screening results will also be specified. The name of the monitoring agency shall be submitted as requested by the board. Monitoring shall continue for a period of up to 36 months, as specified by the board;
