Discussion Items:

1. **Request for Guidance – Michelle Carroll, Ph.D.:** The Board Reviewed correspondence received from Dr. Carroll and a group of psychologists regarding concerns over policies at the VA requiring psychologists to perform pat downs. The Board discussed the communication. The Board agreed more information is needed. Dr. Culross noted that the psychologists may refer to APA ethical standards 1.02 and 1.03. Dr. Zimmermann moved to get further information before providing more guidance on the issue. The motion passed unanimously. Dr. Zimmermann agreed to write the letter.

2. **Request for Guidance – Jesse Lambert, Ph.D.** – Dr. Lambert was present for the discussion and addressed the Board regarding this request. Dr. Lambert inquired about the boundary line between clinical and clinical neuropsych practice. The Board opined that as long as Dr. Lambert was not representing himself as a clinical neuropsychologist and had the education/training to do neuropsych screens, then there would be no issue. Dr. Burnett commented that he needed to make sure he could provide proof of competence in the area of practice. Dr. Culross noted that the individuals Dr. Lambert works with should know and be made aware that he is not representing himself as a clinical neuropsychologist. Dr. Lambert thanked the Board for their guidance.

3. **Practicum form:** The Board reviewed the LSBEP practicum form. Dr. Zimmermann addressed the group and inquired whether the board should confirm that the practicum was done under the supervision of a psychologist. The Board discussed the idea. The Board agreed that a check off box could be added to the form for confirmation.

4. **Texas Reciprocity Agreement:** The Board revisited and reviewed the reasons to cancel the Texas Reciprocity Agreement. Dr. Culross moved to continue the Texas Reciprocity Agreement based on the response received from the Texas Board, but that the LSBEP should screen the TX candidates differently. The motion passed successfully. Dr. Culross directed Ms. Parker to prepare a draft amendment to the agreement.

4. **June Board Meeting Date:** The Board changed the June meeting date. The meeting is rescheduled for June 27, 2014, and the deadline to submit materials will be June 20, 2014.

Public Comment: Dr. Julie Nelson requested time to address the Board at the end of the meeting.

Dr. Nelson inquired whether the Board made a decision on the LAMP CE. Dr. Culross explained that the issue was on a previous agenda and the Board reviewed the issue. Dr. Zimmermann reported that

the Board opined the issue was handled and it is currently not an issue. He noted that the Board did not think it was effective use of Board time to go back and retroactively decline CE.

Dr. Nelson commented about the timeliness of the Board's minutes. Ms. Parker pointed out that minutes are approved monthly at the Board meetings. She explained that the Board does not meet more than once a month, so a formal motion on the minutes must wait until the next meeting.

Dr. Nelson addressed Dr. Culross regarding her recent letter in the LSBEP newsletter. Dr. Nelson asserted that the Board was using a closed-door approach to the community. Dr. Culross responded for the Board's decision and stated that official correspondence should go through the Board office for a variety of reasons, not because of a closed-door policy. Dr. Culross further noted that when communication goes through the Board office, this guarantees confidentiality for all parties. She reminded Dr. Nelson that the Board meetings are open to the public and agendas are posted in sufficient time in accordance with Open Meeting Laws. Ms. Parker mentioned that psychologists may write to the full Board and have their questions reviewed and answered at the monthly meeting. Dr. Culross stated that she encourages communication and discussion with the LSBEP, and the LSBEP intends to keep the community updated. Dr. Culross noted that she wanted to avoid impressions that individual board members are communicating on behalf of the entire Board. Dr. Nelson inquired whether she could speak to individual Board members off the record. Dr. Zimmermann explained that if its Board business then it needs to come through the Board office.

Dr. Nelson also commented that the LPCs are not happy with the LSSP legislation. Dr. Culross reminded Dr. Nelson that this was discussed during the Liaison report. The LPC Board/LCA had questions. The LSBEP invited the groups to the meeting. Dr. Culross reiterated that it was very productive meeting and all the questions were answered.

Dr. Nelson informed the Board that she was going to start sending public records requests again. Dr. Nelson addressed the group about the "infamous Act 251 memo" from 2009. Ms. Parker inquired whether this was the same request that had been previously filed with the LSBEP, two separate times. Dr. Nelson confirmed that this would be the same request because she does not agree with the response given by the LSBEP and our attorney.

2:55 p.m. Dr. Griffin moved to adjourn the meeting. The motion passed unanimously.
