"...It is with deep regret that I must ask you to accept my letter of resignation from the Board of Supervisors of the Louisiana Community and Technical College System effective on the 10th of September, 2013.

Medical and business reasons that you and I have discussed compel me to this direction.

LOUISIANA COMMUNITY & TECHNICAL COLLEGE SYSTEM

MINUTES FROM SEPTEMBER 11, 2013
AS APPROVED OCTOBER 9, 2013

I would like to accept your kind invitation to attend a future board meeting to say a more proper good by.

*Sincerely,
Edwards Barham”*

Dr. May noted that LCTCS accepts the resignation. He has invited Supervisor Barham to attend a future meeting of the Board.

- Dr. May announced that Scott Terrill resigned from the Board of Supervisors, effective August 13, 2013.
- Dr. May noted there are three vacancies on the Board of Supervisors. The Governor’s Office of Boards and Commissions is working to fill the vacant spots in addition to taking action on the expired appointments.
- Dr. May, along with the System heads of the University of Louisiana System, LSU System and Southern University System met with Governor Bobby Jindal about the role of higher education and meeting the needs of the Louisiana workforce. The meeting resulted in an optimistic feeling related to the view of higher education by the state officials.
- Dr. May recently met with the Governor’s Chief of Staff, Paul Rainwater, and Secretary of the Department of Corrections, Jimmy Leblanc, to discuss the education of inmates. LCTCS is tuition funded for revenue, rather than state funded. There is a court order that requires LCTCS to educate inmates, but LCTCS no longer receives revenue for the services. The meeting discussed adding line item funding to House Bill 1 to aid in funding the education of inmates in the future.
- Dr. May met with Tim Barfield, Secretary of the Department of Revenue, to discuss the overall revenue picture with Louisiana and how LCTCS fits into that picture.
- Dr. May met with Louisiana Speaker of the House, Chuck Kleckley, about the issue of high education coming together to discuss the funding for higher education.
- Dr. May is pleased to announce that Senator Adley was named Legis-Gator of the Year by the Chamber of Southwest Louisiana for his leadership on Senate Bill 304: Facilities with a Purpose, now ACT 360.

Supervisor Smith noted that the LCTCS Facilities Corporation endorsed this action of developing a CEA to meet the needs of the Delgado Community College culinary programs.

Supervisor Brown offered his endorsement of this facility and the location. He also stated that this will widen the footprint of Delgado Community College within the city of New Orleans.

On motion of Supervisor Brown, seconded by Supervisor Toups, the Board voted to authorize the LCTCS President to negotiate and execute a cooperative endeavor agreement between LCTCS, the New Orleans Culinary and Hospitality Institute and, the LCTCS Facilities Corporation for intent to house Delgado Community College culinary programs within the Art Works Building at 725 Howard Avenue, New Orleans, Louisiana, contingent upon the final purchase or transfer of the facility using Act 360 funding, and upon the acceptable condition of the facility, accompanied by all documents required for acquisition by the State. The motion carried.

5. Delgado Community College Acquisition of the Federal City Chapel

Chancellor Sullivan discussed the benefits of purchasing not only the chapel but also 12 acres of land around the chapel. This purchase will allow an increase of parking places for Delgado Community College as well as extend the campus by length, creating a true campus feel at this campus.

Dr. May noted the ideal location of the property in relation to the campus.

Supervisors Oge and Brown noted the prime location with a number of high school campuses immediately around the space.

On motion of Supervisor Brown, seconded by Supervisor Grissette, the Board voted to authorize the LCTCS President and the Chancellor of Delgado Community College to negotiate and execute all documents necessary to acquire a maximum of 12 acres of property and facilities, adjacent to the West Bank Campus in Orleans Parish, at or below appraised value, from the Algiers Development District, and to renovate the former Naval Chapel for a Student Life Center, at a cost not to exceed the amount of student self-assessed fee revenues available (currently at \$2.3 million). The staff also recommends the Board approve renovation of the Student Life Center and grounds under Act 959 of 2003, requiring approval by the Board of Regents and the Joint Legislative Committee on the Budget. The acquisition of the property is contingent upon the availability of all documents required for ownership and improvements. The motion carried.

This policy clarifies that it is the role of the college develop the naming policy and that the foundation is responsible for receipt of the contributions to the college.

The approval of the naming rights will go for final approval by the LCTCS Board of Supervisors.

On motion of Supervisor Mellington, seconded by Supervisor Price, the Board voted to approve revisions for Policy #4.003, Naming of LCTCS Facilities. The motion carried.

Finance Actions

Supervisor Toups presented the Finance Actions agenda items for consideration by the Board.

8. FY 14 Operating Budget for LCTCS Entities

Dr. May noted that the total budget for fiscal year 2014 is just over a two percent reduction overall, or a drop in \$7,648,314 in total funding for the system.

Supervisor Smith asked for clarification in the fluctuation in overall percentage changes, specifically the appearance of an increase at Bossier Parish Community College. Dr. May explained that the dramatic decrease in the amount of state funds going into the operating budget, but at the same time does not account for the per student funding. The net impact of per student funds is down. The budget assumes that LCTCS is declining like other state universities, but in actuality, the LCTCS colleges are growing.

Chancellor Jim Henderson addressed the budget at Bossier Parish Community College. He explained that the enrollment growth of 83% is offset by the reduction of state funds by 51% since FY 08-09. BPCC is funded at about 39% of what the state funding formula says it should be funded; other institutions are funded at up to 74% of what the formula suggests. The Board of Regents has a constitutional requirement to equitably distribute funds to the institutions of higher education. BPCC will continue to make the decisions needed to continue serving the community of Bossier Parish, with the funding provided.

On motion of Supervisor Smith, seconded by Supervisor Gamble, the Board voted to approve the FY 14 Operating Budgets of the LCTCS Colleges and the LCTCS Board Office. The motion carried.
