Dept. of Environmental Quality (LDEQ) had a public hearing on the Entergy NO LLC, proposed Part 70 Air Operating Permit Renewal & Modification. They are requesting a public hearing in order for LDEQ to allow people to make oral comments for the record. It would not be in the public interest for the LDEQ to deny people the opportunity to speak at a public hearing by limiting public comments to written submissions. We need a motion for ENONAC to support a request for a public hearing. Comm. Jourdain moved to support this request. Comm. Comeaux seconded the motion. After the vote, the motion passed without any objections.

VII. Old Business

A. Small Box Retail Diversity Study: Jason Hughes, CPC Board member spoke. He said that there is trash in parking lots, lack of quality products and lack of good food choices and over-saturation of these discount stores. The deadline for written comments is November 13, 2018 if you cannot attend. He also said that Tulsa, Oklahoma had these same issues and CPC is studying them to see how they handled it. CPC Staff is examining the districts in the East that have stores and how many there are. Mr. Hughes was asked to see if a moratorium could be done for NOE for a stop to oversaturation all these types of discount stores. He said that help is needed from all CAB members and he will send the

exact link to write a comment. He said that City Council has 45-60 days to address this and Councilwomen Nguyen, Palmer, and Moreno are spearheading this study. Fayetteville, Georgia also tried this but they were sued before it got to the Council. Comm. Hebert asked if a Family Dollar or a Dollar General could be coming to the old Rite Aid building. Nguyen said no. She is trying to work with the property owners to get the right business for this property. Rite Aid building is too large. Pres. Scineaux-Richard thanked CM Nguyen for doing this for our area.

B. Litter-Free Campaign: Comm. Legaux said that she is excited about our Litter Free Campaign. There are 10 schools involved. The litter bags have been ordered for students to develop litter-free consciousness. A 'Roxie Tool Box' that includes lesson plans for grades 1st -5th has been given out to the elementary teachers. The slogan on the bags is 'Pitch in – Not Out'. They will ask students to do either a poster or an essay once all is completed sometime at the end of year and prizes are to be given.

These events will be posted on Michelle Obama's website 'When We All Vote'. Alicia Plummer said that the problem is that people cannot get to precincts to vote. We need to ask if the polling site is too far to get to them. Each precinct should have a polling site. She said that you can register to vote at 16 years old, but cannot actually vote until age 18.
