III. Old Business:

Old business emphasis was that of recommitting our energies to becoming new, active and visible Board for Madison Parish and its potential for attracting a variety of potential business development for Madison was the determination brought about by a disappointing effort to work/recruit the Delta Southern Railroad to develop a business opportunity and a partner that would benefit Madison Parish and its citizens directly and hopefully immediately. However, with the sale of the railroad to another company we have/had to refocus our efforts. We hope to engage the services of a long time supporter and Consultant of Madison Parish.

IV. New Business :

The Board recognizing that its Leadership (Chair and Vice-Chair) had commitments that had them out of town quite often/regularly MSP an amendment to its meeting schedule from monthly to quarterly. Notice will be forwarded to those members that were not in attendance.

V. Motion to adjourn.
