La Association of Chiefs of Police

Chairman Boudreaux asked for a motion to approve the minutes from the 2014 meeting. The motion was made by Chris Guilbeaux and seconded by Earl Eues.

The IMAC was not used in 2015 to mobilize resources.

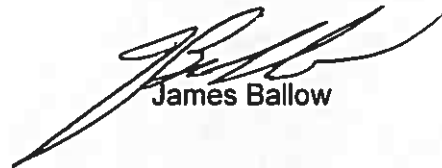

Rick Boudreaux discussed the ongoing development of Incident Management teams (IMTs) throughout the state. These teams will be trained in the Incident Command System. Louisiana

currently is lacking this resource in any mentionable capacity. These teams will enhance the states' readiness and be a potential tool for IMAC.

It was discussed that GOHSEP should begin injecting more IMAC-specific scenarios into future disaster exercises.

Rick Boudreaux emphasized the need for a collaborative approach to emergency management in policy, SOP, and training development. He further emphasized that no one jurisdiction or organization can be effective alone in today's emergency environment.

The meeting was adjourned at 2:05.
