

Regular Session, 2009

# ACT No. 518

HOUSE BILL NO. 685

BY REPRESENTATIVE DIXON

Prefiled pursuant to Article III, Section 2(A)(4)(b)(i) of the Constitution of Louisiana.

1 AN ACT

2 To enact Chapter 34 of Title 48 of the Louisiana Revised Statutes of 1950, to be comprised  
3 of R.S. 48:2151 through 2162, relative to the Central Louisiana Regional  
4 Infrastructure Beltway Commission; to create and provide with respect to the Central  
5 Louisiana Regional Infrastructure Beltway Commission; to provide for the territorial  
6 boundaries, governance, plans, powers, and duties of the board of commissioners;  
7 to authorize the board to contract for certain projects to be performed; to authorize  
8 the board to acquire land and utilities; to provide with respect to bonds and other  
9 revenue for funding; and to provide for related matters.

10 Notice of intention to introduce this Act has been published  
11 as provided by Article III, Section 13 of the Constitution of  
12 Louisiana.

13 Be it enacted by the Legislature of Louisiana:

14 Section 1. Chapter 34 of the Title 48 of the Louisiana Revised Statutes of 1950,  
15 comprised of R.S. 48: 2151 through 2162, is hereby enacted to read as follows:

16 CHAPTER 34. CENTRAL LOUISIANA REGIONAL INFRASTRUCTURE

17 BELTWAY COMMISSION

18 §2151. Short title

19 This Chapter shall be known and may be referred to as the "Central Louisiana  
20 Regional Infrastructure Beltway Commission".

21 §2152. Central Louisiana Regional Infrastructure Beltway Commission; purposes

22 The Central Louisiana Regional Infrastructure Beltway Commission,  
23 hereinafter referred to as the "commission", is hereby created in the parishes of  
24 Rapides and Grant. The commission shall be created for the purpose of establishing

1           and constructing a transportation and utility corridor for the growth of residential,  
 2           commercial, and industrial developments serving the urban and rural areas of  
 3           Rapides and south Grant parishes.

4           §2153. Definitions

5                     Unless the text clearly indicates otherwise, the following words or phrases  
 6           shall have the following meanings:

7                     (1) "Board" means the board of directors of the commission.

8                     (2) "Bonds" means any bonds, notes, renewal notes, refunding bonds, interim  
 9           certificates, certificates of indebtedness, debentures, warrants, commercial paper, or  
 10          other obligations or any other evidence of indebtedness or evidence of borrowed  
 11          money issued or entered into by the commission to finance projects.

12                    (3) "Commission" means the Central Louisiana Regional Infrastructure  
 13          Beltway Commission.

14                    (4) "Department" means the Department of Transportation and  
 15          Development.

16                    (5) "Federal government" means the United States of America and any  
 17          agency or instrumentality, corporate or otherwise, of the United States of America.

18                    (6) "Person" means any individual, partnership, firm, corporation, company,  
 19          cooperative, association, society, trust, or any other business unit or entity, including  
 20          any state or federal agency.

21                    (7) "Project" means any capital project undertaken pursuant to this Chapter  
 22          including the acquisition of real property, construction, reconstruction, improvement,  
 23          extension, installation, development, landscaping, or operation of a tollway.

24                    (8) "Project costs" means all costs associated with and necessary to plan,  
 25          design, acquire property rights, and to construct a project, construction costs, and  
 26          such other expenses as may be necessary or incidental to the construction, financing,  
 27          and operation of the project.

28                    (9) "Public utility facilities" means tracks, pipes, mains, conduits, cables,  
 29          wires, towers, poles, and other equipment and appliances which are either publicly  
 30          or privately owned.

1           (10) "Real property" means lands, waters, rights in lands or waters,  
 2           structures, franchises, and interests in land, including lands under water, riparian  
 3           rights, property rights in air space or subsurface, and any and all other things and  
 4           rights usually included within said term, including any and all interests in such  
 5           property less than full title.

6           (11) "Revenue" means:

7           (a) Any income, revenue, toll, and receipt derived or to be derived from the  
 8           construction and operation of projects by the commission or received by the  
 9           commission from any other sources whatsoever.

10          (b) Monies generated by way of contract, pledge, donation, or bequest.

11          (12) "Secretary" means the secretary of the Department of Transportation  
 12          and Development.

13          (13) "State" means the state of Louisiana or any agency or instrumentality  
 14          thereof.

15          (14) "Toll" means any fee or charge for the use of a tollway.

16          (15) "Tollway" means any limited access highway, bridge, or other  
 17          transportation facility constructed or operated by the commission.

18          §2154. Central Louisiana Regional Infrastructure Beltway Commission; creation;  
 19          board of directors; meetings; quorum

20          A. The Central Louisiana Regional Infrastructure Beltway Commission,  
 21          hereafter referred to as the "commission", is hereby created possessing full corporate  
 22          powers to promote, plan, finance, develop, construct, control, regulate , operate, and  
 23          maintain a transportation and utility corridor for the growth of residential,  
 24          commercial, and industrial developments serving the urban and rural areas of  
 25          Rapides and south Grant parishes within its jurisdiction.

26          B. The domicile of the commission shall be Rapides Parish.

27          C.(1) The board shall be composed of fourteen directors who shall be the  
 28          governing body of the commission, with full power to promulgate rules and  
 29          regulations for the maintenance and operation of said commission as follows:

1                   (a) The mayor from each of the following municipalities: Alexandria,  
 2                   Pineville, Woodworth, Ball, and Boyce, or their designee.

3                   (b) The chancellor of Louisiana State University at Alexandria or his  
 4                   designee.

5                   (c) The chancellor of Louisiana College or his designee.

6                   (d) The executive director of the England Authority or his designee.

7                   (e) The president of the city council of Alexandria or his designee.

8                   (f) The president of the Rapides Parish Police Jury or his designee.

9                   (g) The highway district engineer administrator of Highway District Number  
 10                  8 of the Louisiana Department of Transportation and Development or his designee.

11                  (h) One member appointed by the Central Louisiana Chamber of  
 12                  Commerce.

13                  (i) The president of the Grant Parish Police Jury or his designee.

14                  (j) The president of the Avoyelles Parish Police Jury or his designee.

15                  (2) The directors shall elect the chairman and vice chairman from among  
 16                  themselves and shall elect any other officers they deem necessary.

17                  D. The directors shall take and subscribe to the oath of office required of  
 18                  public officials. Appointed directors shall serve until their successors are appointed  
 19                  and sworn into office. Directors may be removed from office for cause by a district  
 20                  court having jurisdiction.

21                  E. A majority of the directors shall constitute a quorum for the transaction  
 22                  of official business. All official actions of the commission shall require an  
 23                  affirmative vote of the directors present and voting at any meeting.

24                  F. Directors of the commission shall not receive any salary for the  
 25                  performance of their duties as directors. Appointed directors may be reimbursed  
 26                  for mileage expenses incurred for attendance at meetings of the commission, subject  
 27                  to the availability of funds. The mileage allowance shall be fixed by the commission  
 28                  in an amount not to exceed the mileage allowance authorized under state travel  
 29                  regulations at rates and standards as promulgated by the division of administration.

1           G. The commission shall meet at least quarterly and may meet more  
 2           frequently upon call of the chairman.

3           H. The boundary and jurisdiction of the commission shall be coextensive  
 4           with the boundaries of Grant and Rapides parishes.

5           I. The commission created pursuant to this Chapter and all directors thereof  
 6           shall be subject to the provisions of R.S. 42:1101 et seq.

7           J. The commission may perform, procure from the Department of  
 8           Transportation and Development with the consent of its secretary, or procure from  
 9           outside service providers any service or portion of services necessary to fulfill the  
 10          duties and obligations of the commission.

11          §2155. Right of public agencies to material

12           The commission created pursuant to this Chapter shall be subject to and fully  
 13          comply with the Public Records Law, R.S. 44:1 et seq., and the Open Meetings Law,  
 14          R.S. 42:4.1 et seq., of the state. All reports, maps, or other technical documents  
 15          produced in whole or in part by the commission may be utilized by the commission  
 16          or any other public agency in any manner that it deems necessary and advisable in  
 17          the conduct of its duties.

18          §2156. Feasibility; advice

19           A. The commission may construct projects under the terms and conditions  
 20          set forth in this Chapter. The commission shall conduct an economic feasibility  
 21          study prior to initiation of any project to substantiate project need and feasibility.

22           B. The Rapides Area Planning Commission, and all subcommittees thereof,  
 23          shall serve in an advisory capacity to the commission, relative to any project or  
 24          projects contemplated by or to be undertaken by the commission.

25          §2157. Jurisdiction; powers of commission

26           The commission may exercise powers necessary, appurtenant, convenient,  
 27          or incidental to the carrying out of its purposes, including but not limited to the  
 28          following rights and powers:

29           (1) To adopt rules and regulations necessary to carry out the purposes of the  
 30          commission, for the governance of its affairs, and for the conduct of its business.

1                   (2) To adopt, use, and alter at will an official seal.

2                   (3) To plan, construct, reconstruct, maintain, improve, operate, own, or lease  
3 projects within its jurisdiction in the manner determined by the commission and to  
4 pay any project costs in connection therewith.

5                   (4) To sue and be sued in its own name.

6                   (5) To impose, revise, and adjust tolls, fees, and charges in connection with  
7 its projects sufficient to pay all project costs, maintenance, operation, debt service,  
8 and reserve or replacement costs, and other necessary or usual charges.

9                   (6) To regulate speed limits on the tollways consistent with state speed  
10 limits.

11                   (7) To contract with any person, partnership, association, or corporation  
12 desiring the use of any part of a project, including the right-of-way adjoining the  
13 paved portion, for placing thereon telephone, fiber optic, telegraph, electric light, or  
14 power lines, gas stations, garages, and restaurants, or for any other purpose, and to  
15 fix the terms, conditions, rents, and rates of charges limited to no more than the  
16 commission's direct and actual cost of administering the permitting process.

17                   (8) To acquire, hold, and dispose of real and personal property in the  
18 exercise of its powers and the performance of its duties under this Chapter in  
19 accordance with law.

20                   (9) To acquire public or private lands including rights or easements in the  
21 name of the commission by purchase, donation, exchange, foreclosure, lease, or  
22 otherwise, including exercising the power of eminent domain in accordance with Part  
23 XVIII of Chapter 1 of this Title, as it may deem necessary for carrying out the  
24 provisions of this Chapter.

25                   (10) To hold, sell, assign, lease, or otherwise dispose of any real or personal  
26 property or any interest therein; to release or relinquish any right, title, claim, lien,  
27 interest, easement, or demand however acquired, including any equity or right of  
28 redemption in property foreclosed by it; to take assignments of leases and rentals; to  
29 proceed with foreclosure actions; or to take any other actions necessary or incidental  
30 to the performance of its corporate purposes.

1           (11) To establish control of access, designate the location, and establish,  
2           limit, and control points of ingress and egress for each project as may be necessary  
3           or desirable in the judgment of the commission to ensure its proper operation and  
4           maintenance, and to prohibit entrance to such project from any point or points not  
5           so designated, subject to the prior written concurrence of the department when the  
6           state highway system is affected.

7           (12) To relocate parish, municipal, or other public roads affected or severed  
8           by commission projects with equal or better facilities at the expense of the  
9           commission.

10          (13) To enter, or authorize its agents to enter, upon any lands, waters, or  
11          premises within the geographic boundaries of the commission for the purpose of  
12          making surveys, soundings, drillings, or examinations as it may deem necessary or  
13          appropriate for the purposes of this Chapter provided that the commission shall  
14          reimburse any actual damages resulting to such lands, waters, or premises as a result  
15          of such activities; such entry shall not be deemed a trespass or unlawful.

16          (14) To procure insurance in such amount or amounts appropriate to the size  
17          of the project, as determined by the commission, insuring the commission against all  
18          losses, risk, and liability arising out of the construction, operation, maintenance, and  
19          ownership of any project.

20          (15) To apply for, receive, and accept grants, loans, advances, and  
21          contributions from any source of money, property, labor, or other things of value, to  
22          be held, used, and applied for its corporate purposes.

23          (16) To open accounts at financial institutions necessary for the conduct of  
24          its business and to invest any funds held in reserves or sinking funds, or any funds  
25          not required for immediate disbursement in such investments as may be provided in  
26          any financing document relating to the use of such funds, or, if not so provided, as  
27          the commission may determine, subject to compliance with state laws relative to  
28          investments by political subdivisions.

29          (17) To borrow money and issue bonds for any commission purpose.

1                   (18) To enter contracts and agreements and execute all instruments necessary  
 2                   or convenient thereto for accomplishing the purposes of the commission.

3                   (19) To enter into agreements with a public or private entity to construct,  
 4                   maintain, repair, or operate commission projects.

5                   (20) To authorize the investment of public and private money to finance  
 6                   commission projects, subject to compliance with state law relative to use of public  
 7                   funds.

8                   (21) To employ consultants, engineers, attorneys, accountants, construction  
 9                   and financial experts, superintendents, managers, and such other employees and  
 10                   agents necessary for the accomplishment of commission purposes and to fix their  
 11                   compensation.

12                   (22) To do all acts and perform things necessary or convenient to execute  
 13                   the powers granted to the commission by law.

14                   §2158. Acquisition of lands and property

15                   A. For the purposes of this Chapter, the commission may acquire private or  
 16                   public property and property rights by donation, purchase, exchange, or eminent  
 17                   domain proceedings, as the commission may deem necessary for any commission  
 18                   purpose in the transportation corridor designated by the commission.

19                   B. In the acquisition of land and property rights, the commission may  
 20                   acquire an entire lot, block, or tract of land, if, by so doing, the acquisition cost to the  
 21                   commission will be equal to or less than the cost of acquiring only that portion of the  
 22                   property thereof necessary for the project. This Subsection is a specific recognition  
 23                   that this means of limiting the rising costs of such property acquisition is a public  
 24                   purpose and that, without this limitation, the viability of many public projects will  
 25                   be threatened.

26                   C. The commission may sell, lease, or otherwise dispose of all or any portion  
 27                   of a project, provided that the sale, lease, or other disposition of a state-designated  
 28                   project shall require department approval. Notwithstanding any law to the contrary,  
 29                   any surplus property may be sold in accordance with procedures adopted by the  
 30                   commission that maximize the price received for such property provided that,

1 notwithstanding any other provision of law to the contrary, whenever any surplus  
2 property is acquired by the commission by eminent domain proceedings, the  
3 commission first shall offer to sell whatever rights it acquired back to the prior  
4 owner or his successors in title, at the fair market value or at the original price paid,  
5 whichever is less.

6 D. When the commission acquires property for a project, it is not subject to  
7 any liability imposed by preexisting conditions. This Subsection does not, however,  
8 affect the rights or liabilities of any past or future owners of the acquired property,  
9 nor does it affect the liability of any governmental entity for the results of its actions  
10 which create or exacerbate a pollution source. The commission and the Louisiana  
11 Department of Environmental Quality may enter into agreements for the  
12 performance, funding, and reimbursement of the investigative and remedial acts  
13 necessary for property acquired by the commission.

14 §2159. Public utilities

15 A.(1) The commission shall have the power to make reasonable regulations,  
16 not inconsistent with rules and regulations promulgated by the federal government  
17 and the department for the installation, construction, maintenance, repair, renewal,  
18 relocation, or removal of any public utility, railroad, or pipeline, in, on, along, over,  
19 or under a project.

20 (2) Whenever the commission shall determine that it is necessary to relocate,  
21 remove, or carry along or across a commission project by grade separation, any  
22 public utility facilities presently located in, on, along, over, or under a commission  
23 project, the owner or operator of such facilities shall relocate or remove the same in  
24 accordance with the order of the commission; however, the cost and expense of such  
25 relocation, removal, or grade separation, including the cost of installing such  
26 facilities in a new location or locations, including the cost of any land, or any rights  
27 or interest in lands, and any other rights acquired to accomplish such relocation or  
28 removal, shall be paid as project costs by the commission.

29 (3) In case of relocation or removal, the owners or operators of public utility  
30 facilities, their successors or assigns, may use and operate said public utility facilities

1 in the new location or locations upon the same terms and conditions enjoyed prior  
 2 to relocation or removal.

3 B. Any utility which requests and is permitted to occupy a commission  
 4 right-of-way shall be responsible for any cost of relocation, removal, or grade  
 5 separation and all expenses related thereto.

6 §2160. Contracts; construction; project development; law enforcement

7 A. Contracts of the commission for the construction, improvement, or  
 8 maintenance of any commission project shall be made and awarded pursuant to  
 9 applicable provisions of state law.

10 B. The commission may contract with either the state police, a law  
 11 enforcement district, or municipal law enforcement agency to perform law  
 12 enforcement and patrol functions on any commission project.

13 §2161. Bonds

14 A. Without reference to any provision of the Constitution of Louisiana and  
 15 the laws of Louisiana, and as a grant of power in addition to any other general or  
 16 special law, the commission created pursuant to this Chapter may issue bonds for any  
 17 commission purpose and pledge revenues for the payment of the principal and  
 18 interest of such bonds. The commission is further authorized, in its discretion, to  
 19 pledge all or any part of any gift, grant, donation, or other sum of money, aid, or  
 20 assistance from the United States, the state, or any political subdivision thereof,  
 21 unless otherwise restricted by the terms thereof, all or any part of the proceeds of  
 22 bonds, credit agreements, instruments, or any other money of the commission, from  
 23 whatever source derived, for the further securing of the payment of the principal and  
 24 interest of the bonds. Any such bonds shall be payable solely from revenues and  
 25 bond proceeds, pending their disbursement, and investment income thereon.

26 B. Bonds issued under the provisions of this Chapter shall not be deemed to  
 27 constitute a pledge of the full faith and credit of the state or of any governmental unit  
 28 thereof. All such bonds shall contain a statement on their face substantially to the  
 29 effect that neither the full faith and credit of the state nor the full faith and credit of  
 30 any public entity of the state are pledged to the payment of the principal of or the

1 interest on such bonds. The issuance of bonds under the provisions of this Chapter  
2 shall not directly, indirectly, or contingently obligate the state or any governmental  
3 unit of the state to levy any taxes whatever therefor or to make any appropriation for  
4 their payment, other than obligations to make payments by the state or any public  
5 entity to the commission arising out of contracts authorized under this Chapter.

6 C. Bonds shall be authorized by a resolution of the commission and shall be  
7 of such series, bear such date or dates, mature at such time or times, bear interest at  
8 such rate or rates, including but not limited to fixed, variable, or zero rates, be  
9 payable at such time or times, be in such denominations, be in such form, carry such  
10 registration and exchangeability privilege, be payable in such medium of payment  
11 and at such place or places, be subject to such terms of redemption prior to maturity  
12 at such price or prices as determined by the commission, and be entitled to such  
13 priority on the revenues as such resolution or resolutions may provide.

14 D. Bonds shall be sold by the commission at public sale by competitive bid  
15 or negotiated private sale and at such price as the commission may determine to be  
16 in the best interest of the authority.

17 E. The issuance of bonds shall not be subject to any limitations,  
18 requirements, or conditions contained in any other law, and bonds may be issued  
19 without obtaining the consent of the state or any political subdivision, or of any  
20 agency, commission, or instrumentality thereof, except that the issuance of such  
21 bonds shall be subject to the approval of the State Bond Commission. The bonds  
22 shall be issued in compliance with the provisions of this Chapter.

23 F. For a period of thirty days after the date of publication of a notice of intent  
24 to issue bonds in the official journal of the commission authorizing the issuance of  
25 bonds hereunder, any person in interest shall have the right to contest the legality of  
26 the resolution and the legality of the bond issue for any cause, but after that time no  
27 one shall have any cause or right of action to contest the legality of the resolution or  
28 of the bonds or the security therefor for any cause whatsoever. If no suit, action, or  
29 proceeding is begun contesting the validity of the resolution, the bonds or the  
30 security therefor within the thirty days herein prescribed, the authority to issue bonds

1           and provide for the payment thereof, the legality thereof and of all of the provisions  
2           of the resolution or other proceedings authorizing the issuance of the bonds shall be  
3           conclusively presumed, and no court shall have authority to inquire into such  
4           matters. Any notice of intent so published shall set forth in reasonable detail the  
5           purpose of the bonds, the security therefor, and the parameters of amount, duration,  
6           and interest rates. The commission may designate any paper of general circulation  
7           in its geographical jurisdiction to publish the notice of intent or may utilize electronic  
8           media available to the general public. Any suit to determine the validity of bonds  
9           issued by the commission shall be brought only in accordance with the provisions  
10           of R.S. 13:5121 et seq.

11           G. All bonds issued pursuant to this Chapter shall have all the qualities of  
12           negotiable instruments under the commercial laws of the state.

13           H. Any pledge of revenues or other monies made by the commission shall  
14           be valid and binding from the time when the pledge is made. The revenues or  
15           monies so pledged and thereafter received by the commission shall immediately be  
16           subject to the lien of such pledge without any physical delivery thereof or further act,  
17           and the lien of any such pledge shall be valid and binding as against all parties  
18           having claims of any kind in tort, contract, or otherwise against the commission  
19           irrespective of whether such parties have notice thereof.

20           I. Neither the members of the commission nor any person executing the  
21           bonds shall be liable personally for the bonds or be subject to any personal liability  
22           or accountability by reason of the issuance thereof.

23           J. Bonds of the commission, their transfer, and the income therefrom shall  
24           at all times be exempt from all taxation by the state or any political subdivision  
25           thereof and may or may not be exempt for federal income tax purposes. The bonds  
26           issued pursuant to this Chapter shall be and are hereby declared to be legal and  
27           authorized investments for banks, savings banks, trust companies, building and loan  
28           associations, insurance companies, fiduciaries, trustees, and guardians. Such bonds  
29           shall be eligible to secure the deposit of any and all public funds of the state and any  
30           and all public funds of municipalities, parishes, school districts, or other political

1            corporations or subdivisions of the state. Such bonds shall be lawful and sufficient  
2            security for said deposits to the extent of their value. When any bonds shall have  
3            been issued hereunder, neither the legislature, the commission, nor any other  
4            commission may discontinue or decrease the revenues pledged to the payment of the  
5            bonds authorized hereunder or permit to be discontinued or decreased said revenues  
6            in anticipation of the collection of which such bonds have been issued, or in any way  
7            make any change in the allocation and dedication of the revenues which would  
8            diminish the amount of the revenues to be received by the commission, until all of  
9            such bonds shall have been retired as to principal and interest, and there is hereby  
10           vested in the holders from time to time of such bonds a contract right in the  
11           provisions of this Section.

12           K. The commission may provide by resolution for the issuance of refunding  
13           bonds pursuant to R.S. 39:1444 et seq.

14           L. The holders of any bonds issued hereunder shall have such rights and  
15           remedies as may be provided in the resolution or trust agreement authorizing the  
16           issuance of the bonds, including but not by way of limitation, appointment of a  
17           trustee for the bondholders and any other available civil action to compel compliance  
18           with the terms and provisions of the bonds and the resolution or trust agreement.

19           M. Subject to the agreements with the holders of bonds, all proceeds of  
20           bonds and all revenues pledged under a resolution or trust agreement authorizing or  
21           securing such bonds shall be deposited and held in trust in a fund or funds separate  
22           and apart from all other funds of the commission. Subject to the resolution or trust  
23           agreement, the trustee shall hold the same for the benefit of the holders of the bonds  
24           for the application and disposition thereof solely to the respective uses and purposes  
25           provided in such resolution or trust agreement.

26           N. The commission created hereunder is authorized to employ all  
27           professionals it deems necessary in the issuance of its bonds.

28           O. The commission created hereunder shall be deemed to be a public entity  
29           for purposes of Chapters 13, 13-A, 14, 14-A, 14-B, and 15-A of Title 39 of the  
30           Louisiana Revised Statutes of 1950, which statutes shall apply to bonds of the

1           commission, provided that in the event of a conflict with the provisions of this  
2           Chapter, the provisions of this Chapter shall control.

3           §2162. Conveyance of project; maintenance

4                   When the bonds issued for any project and the interest thereon have been  
5           paid in full, or sufficient funds have been deposited in trust for that purpose, and the  
6           project is in a condition which meets department standards for structural condition  
7           and geometric design and is in a condition of maintenance satisfactory to the  
8           department, said project and any property acquired for the project may be transferred  
9           by the commission in full ownership to the state of Louisiana. The department will  
10           assume jurisdiction and control of the project as a part of the state highway system,  
11           provided that the legislature authorizes an increase in mileage of the state highway  
12           system equal to the length of the commission project to be transferred. Any  
13           commission project transferred to and accepted by the department will be operated  
14           and maintained by the department as an integral part of the state highway system,  
15           and the department, in the discretion of its secretary, may continue to collect any toll  
16           or fee for the purpose of maintenance of the project.

17           Section 2. This Act shall become effective upon signature by the governor or, if not  
18           signed by the governor, upon expiration of the time for bills to become law without signature  
19           by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If  
20           vetoed by the governor and subsequently approved by the legislature, this Act shall become  
21           effective on the day following such approval.
