Questions:

- Bids must include a complete list of the manufacturers for which the vendor is an authorized distributor. (**Attach as Exhibit 1**)

1. **Question:** Do you need a list of manufacturers for items that are on this bid or for every manufacturer for which we are an authorized distributor? The later would be very difficult as we are a distributor for hundreds of manufacturers.

Answer: Please provide the manufacturers for only the items on the bid.

2. **Question:** Item Specifications – Can you please provide better specification on the following items? These are vague descriptions with multiple options for each. If you can provide a manufacturer or any distributor part number that would be best.

Line 20 – Knowbody teaching torso

Line 21 – Sam the Super Skeleton

Line 25 – McKesson 6 tube Centrifuge machine

Line 27 – Infrared Vein Finder Viewer and Tourniquet Kit

Line 28 – Pediatric IV and Phlebotomy Practice Kit – Leg Kit

Line 29 – Phlebotomy arm Wedges 5”

Line 30 – Venous training arms

Line 31 – Phlebotomy Training kit

Answer: These items have been removed from the Specifications List. Please see Clarification above for updated Specifications and Bid Pricing List.
