******ATTENTION******

**ANY EQUIPMENT DELIVERED AGAINST THE AWARDED CONTRACT THAT DOES NOT MEET
THE REQUIREMENTS LISTED BELOW WILL BE REJECTED.**

SCOPE OF WORK:

The purpose of this solicitation is to establish Statewide Contract(s) for Oxygen Cylinders and Related Supplies for Regular Delivery.

Prices shall include transport services. Locations of vendor oxygen fill/refill stations should be provided within the bid response. All purchase and rental cylinders are to be delivered filled.

For those line items whereby cylinders are rented, replacement cost/pricing is to be provided, in the event they are lost and are not recovered by the agency.

Rental cylinders should be aluminum when available and steel will be accepted as an alternative.

Vendor may bid on all of the items, or on a single line item for which the vendor has the capacity to meet the State's needs.

Vendor is to check each Region(s) for each line item on the Price Sheet for Regions 1 through 9 for which they can provide delivery. A list of the parishes by Region is located on the following page.

Also see Attachment C - Regional Map.

Delivery may be a factor in this award.

Vendors should identify transportation resources that the company may have available to provide service once the contract is activated.

Vendors can bid on multiple regions on Attachment D - Price Sheet if they can supply the requested items to those Regions.

DELIVERY REQUIREMENTS:

Delivery trucks should be equipped with a lift-gate, as many locations do not have loading docks.
