

CITY OF BATON ROUGE
PARISH OF EAST BATON ROUGE

May 1, 2024

ADDENDUM NO. 1

TO: ALL BIDDERS

SUBJECT: BARRINGER FOREMAN ROAD BRIDGE REPAIRS
CITY PARISH PROJECT NO. 23-BR-CP-0042

BID DATE: Tuesday, May 7, 2024 at 2:00 p.m.

The following revisions shall be incorporated in and take precedence over any conflicting part of the original contract documents.

PART 1, UNIFORM CONSTRUCTION BID FORMS

LOUISIANA UNIFORM PUBLIC WORK BID FORM

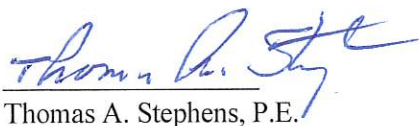

With reference to Page UCBF 1 of 4, the Bidder shall indicate receipt of this Addendum in the space provided. Failure to indicate receipt of this Addendum may cause for the bid to be rejected.

For online www.centralbidding.com bidders: An acknowledgement of this addendum will be prompted by the Expedite bidding program prior to formally submitting the bid.

CLARIFICATION

1. Temporary traffic control devices (Item 9050100 - Temporary Signs and Barricades): All existing temporary traffic control devices will be collected by City's Traffic Engineering Division prior to construction. Contractor is responsible to install all required temporary control devices specified in the construction plan.
2. Coring caps to install supports for the span formwork is allowed. Contractor shall properly locate the reinforcing steel in the caps prior to coring. Existing reinforcing steel shall not be damaged. Cored holes shall be filled with grout after removal of formwork. Contractor shall get approval from the Project Engineer if other options are considered.
3. Item 7040400 - Sacked Concrete Revetment: This item is used to repair/replace the missing revetment which is visible above the normal waterline. The actual final installed quantity may vary from the plan quantity. The specific areas that need repair/replace shall be directed by the Project Engineer.

APPROVED:

Thomas A. Stephens, P.E.

Dept. of Transportation and Drainage Chief Design Engineer
